Dang dude, I didn’t even know. I’m sorry. Wish I could have seen you again.

- David Salinas

Big brother, you left me way too soon. I will cherish all the memories good and bad as those memories are now what will hold me together in the darkest days ahead. Thank you for always being there for me and for all that you did for our mom. Thank you for being the best and caring Uncle to Brayden and Kristi and loving them so much you were their only Uncle and they will never forget you. Mom I grieve for you as no parent should have to endure this pain and loss of a child. He loved and cherished you. Eric, Wesley and Jerika I send you my deepest condolences as no child should have to bury their parent so soon. Your dad loved the 3 of you so much and was so proud of you. Bro may you rest in peace and watch over us left here grieving for you. I love you so much and will carry you in my heart forever. Love your baby sis! ♥■■

My heart goes out to those who are grieving the loss of Dustin. He was a great friend to many and an amazing, loving, protective father especially to Jerika. One night when I dropped Jerika off to Dustin I said I have a song that reminds me of you and Jerika. As he listened to to the song with tears in his eyes he said,“I love her so much, she will always be my princess no matter how old she is!” Dustin was also an amazing friend. He would do anything for any one. He had such a big heart and cared about others. If Dustin knew you were depressed or struggling, and he wouldn’t leave your side until he knew you were in better spirits and smiling. He would always go out of his way in a heart beat to help others. I’m saddened to know Dustin is no longer here on Earth but I know he will always be watching over his friends, family, and loved ones. Riding in our hearts forever, your spirit is unbreakable and free. Ride with the angles, love you Dustin!”
