I'm from the miles city ward, I don't know your family, but I have heard wonderful stories about your husband/father/grandfather and how He love our Lord. My heart breaks for the physical loss and emotional loss of this grand man. He has left a legacy that lasts throughout all eternity. Gods blessings.

We miss you here on Earth but know you are always watching over those that you love. And over all of us! And to Lita and the rest of the family always know that Dwight is with you always and he's not far away ever. stay close as a family as you already are and stay close. And hold on to each other and our heavenly father. We are so sorry for your loss and we love you all so much and Dwight see you on the other side!

Man, I really can't believe it. President Clayton was such a light. Never once did I feel sadness around him, as he just emanated pure joy. He was a true disciple of Christ, a loving man, and he made me want to be better. I'll never forget when I interviewed with him to receive the Melchizedek Priesthood. He said, "Now Jacob. I want you to promise me. Promise me that you will not only use the priesthood, but you will abuse it. Meaning, take every opportunity to put it to use, to be an instrument in the hands of the Lord." I've tried to do so ever since. In life he was an inspiration. In death, I look forward to seeing him again. Wish I could be there to hug you all. Much love from the Yates family

Leta and family Such a beautiful service for Dwight. Thank you for your testimonies and for sharing him with many throughout the world. What a beautiful example you are all of following in his path and the goodness he showed others. I'm so sorry he is temporarily out of your physical presence. My prayers continue to be with you as you navigate this earth life. I witnessed with admiration his constant praise and love toward Leta and his desire to do good and serve continuously. We love you. Love and prayers, Linda Despain

To the Clayton family I would like to offer my condolences. I first met my friend in 1968 when I moved into a new home on Montecito Street. The first visitors welcoming our family into the hood were the Claytons Ed, Beth and Dwight. They were such warm loving people. Dwight and I were close through Jr and Sr. High school. We would clean the Mode O Day stores with Ross and Marilyn so we could earn money for a ski pass. Dwight was an excellent skier both water and snow. He was also on the swim team. I have so many good memories of the Claytons and Dwight. The last time I saw him was at his mothers funeral service. He will be missed but remembered. Bob Lund Friend
