

Melvin Ray Hill

May 17, 1930 ~ July 14, 2020

Mr Hill was a mentor and example to me, I’m one of the many young men he took under his wing and helped reach the rank of Eagle Scout. My life is forever changed and I am the man I am today due to his leadership and guidance. I am honored to have been able to have called him a friend . He is now free to fly with the eagles.

Dear Mary, We were saddened to see the obituary of your husband in the paper this morning, but happy you two could spend so many years together. We also noted the passing of your sisters husband that we knew them while serving in the Singapore mission. It is getting to be that time of life for us & we never know when it will be, but want you to know of our love for you & the wonderful example you were to us while living in San Jose, CA. I hope our paths will cross again sometime & that peace & comfort will be with you in the days ahead.

I only knew Brother Hill from his amazing service in the temple. Over the years he never failed to greet me with a warm smile and a Life Saver! I hope you find peace knowing Brother Hill is continuing his dedicated service on the other side of the veil.

Dear Mary, Jon and RawDean: We are so sorry to read about the passing of Mel. I guess time flies faster than we realize when I looked at his age! We enjoyed knowing him and chatting with him, always with his sweet, special smile and the twinkle in his eye. We are so grateful for the gospel and the knowledge that we have, knowing that we will be together again as a family forever. We love you Jan Asay

My love and wishes for God's comfort and strength to each of your family members, especially Dear Aunt Mary. I love you all and want to tell you all that I believe all that we are taught in the Church regarding the atonement, the resurrection and continued life on into the next one. Revelations chapter 20 and 21 John says that in Heaven, God will wipe away all tears, and there shall be no more sorrow or crying. And Jesus Himself answers and says "Behold I make all things new again." I know this to be true, but that day has not yet come, so let the tears and sorrow in the passing of your husband, father and friend flow. There will be joy in the morning. Love, Scott
