April 23, 1929 ~ December 22, 2024

Love you so much aunt Teddy! You were a wonderful aunt and friend. Always made me feel so special in your heart. I've got birthday voicemail saved from you which I've listened to when I'm feeling down. Love you always!

So sorry for your loss. She was a wonderful person. My parents Connie and Jerry thought so highly of her. She was a blessing to others.

I loved your parents/grandparents. Living in the same neighborhood for 46 years was so wonderful. Teddy was my mother's friend since kindergarten and I saw her in a couple of the college photos. Great video, a history of your family! Shirley Russon Ririe sends her love, she is still around but very immobile. What a legacy you must live up to!
