What a great man!

- Brad Hertz

President Dansie was so kind and welcoming to me as a new missionary in southern France. I'm so grateful for the example that he and Soeur Dansie set of being Christlike during the time I served with them. May our Heavenly Father bless you with the comfort that comes from the gospel and from a life well lived.

- Christian DeMoux

President Dansie left an indelible impression on me as a true disciple of Jesus Christ. As my mission president he showed me an example of love, charity, obedience, and how to smile and have fun as you go! À la prochaine!

- David Olsen

Dearest Shanna, sending you big love and deepest sympathy. So blessed to have had brilliant, fun, thoughtful Elbert in our lives. His friendship and kindness have been wonderful gifts. We loved him, we love you.

- Cecile Christiansen Hal Christiansen

He was my mission president. I admired him and in retrospect he really did seem like the prototype of the perfect pediatrician. We were just kids as missionaries after all. My condolences to his family.

- Dan Higginson

Dear Shanna and family, We learned from Elder Aidan Dansie the passing of President Dansie, the man who baptized me (Peter) in Montpellier France. We will never forget the kindness and faithfulness shown to us; his

influence in our lives is and will remain a permanent blessing. We extend our deepest condolences to you and your loved ones, and share the hope of seeing him again, given to us through our Saviour Jesus Christ. Julie and Peter Muyldermans

I love Grandpa Elbert!

I met Elbert when he was my mission President in 1998 - so he'll always be President Dansie to me. I learned something new reading his obituary (and more) but I had no idea he served at Fort Hood (I live 30 mins away) in Temple TX. I love that we have that in common and wish I had been in touch with him more. The last time I saw them both was in 2007 at a reunion in Utah when I was visiting from the UK. I loved my check-ins with him each month and I'll never forget the feeling I still get when I hear "Nos pas guides par la foi" - I know it was his and Sister Dansie's favourite song and even after 27 years, the hymn still carries the same emotion and power it did when singing it all those years ago as missionaries. I'm so sorry for your loss and hope you know that we loved him as missionaries and his service impacted our lives in untold ways; forever. May your reunion with him one day be one of joy! We love you too Sister Dansie and miss you. Would love to hear from you! johnswilson@gmail.com

When invited to join Bryner Pediatrics, I was encouraged to accept the offer by none other than Dr. William “Marty” Palmer who said he would join any practice that included Elbert Dansie. He was my friend, my colleague, my example, our family’s pediatrician and fellow fan of “Song of Norway.” His priorities were his family, his patients, and his discipleship. Our entire family thank Dr. Dansie for all he is and became!

- George Durham

So sorry to hear of Elbert’s passing ■. Our prayers will be with you and your family during this tender time. Elbert was such a great friend and role model. May God be with and bless you. ■■ Our love, Dale and Tammy Sundwall.

- Dale Sundwall

Elbert was my neighbour and scoutmaster, and a compassionate presence when I was a young man. Sending love to all the Dansies. A life worth celebrating.

President Dansie was my Mission President in the France Marseille Mission (1996-1998). I still remember when I left the arrival Gate of the Airport and recognized Sister and President Dansie with a cheerful smile and they let me feel their Love for me, the missionary work and the Gospel the next 2 years. And I Love(d) Sister and President Dansie and I am so thankful for their great example. In my 1st place Manosque President Dansie taught me while proseliting with him to talk to the people. You could feel his love for the people and missionary work, I will never forget his and Sister Dansie’s service after A zone conference in Avignon where we recognized after the zone conference that all busses had gone to get us back to Manosque and they drove my Companion and me back to

Manosque. It was a wonderful ride. President Dansie and Sister Dansie will always remain my Mission Presidency and I am honoring my deepest love and respect.

- Christian Oberlies

We would like to offer our most sincere condolences to all the family of the man we knew, and loved, as President Dansie. I consider myself most fortunate to have been a missionary serving under President and Sister Dansie. I can't think of any better mission leaders and they were perfect for me. After my father, President Dansie stands alongside some beloved Bishops as a Priesthood leader who left an indelible impression on my heart and soul thanks to his testimony of Jesus Christ and his own love and example. My wife and I were fortunate to be able to visit President and Sister Dansie, with our two young children, a few years after I returned from my mission in the South of France. We both felt of President's continued love and concern for our family and enjoyed sacred and special moments with him and Sister Dansie, which we will never forget. Due to his fun, engaging and caring personality, President Dansie was someone who you just wanted to be around and follow, with 'Faith in Every Footstep'. We know he will be deeply missed but feel blessed to have known him. Until we meet again, all our love and 'à Dieu', Michael and Jo Perry

Our lives have been blessed and enriched through knowing and loving Elbert Dansie. His life is one worthy of emulation and deep respect. Marilyn and I and our entire family pay tribute to his memory and pray for the comforting presence of the Holy Spirit to abide with Shanna and the beloved Dansie family at this time of grief and mourning. We know that Elbert’s influence will continue to be felt for generations into the future. We feel so blessed to have been privileged to know this wonderful man, a noble and valiant son of God. Grandpa Elbert is deeply loved by Heavenly Father and Jesus Christ. We will always cherish our memories with him.

President and Soeur Dansie were a marvelous influence on me as a young missionary in Marseille. I felt so loved and cared for by them. I loved my interviews with President where he encouraged me to keep going. My first transfer was on American Thanksgiving and I was leaving Aix-en-Provence for far off Albi all by myself. President

and Soeur Dansie gave me a turkey sandwich to eat on the train. That sweet act of service touched me deeply. I also sing "Nos Pas Guide Par La Foi" with deep emotion for the many Zone Conference where we sang together. Merci for all of the deep spiritual memories that tie me deeply to my Savior Jesus Christ. Your discipleship influenced my discipleship.

- Jessica Curtis McKay

I am amazed by the range of his interests, knowledge, and life experience. I only knew him as a mission president who was humble, kind, and concerned for every missionary. I would like to express my deepest gratitude to him and condolences to his family.

- Allen Dickson

Maybe they are meeting in Heaven. My husband Mike just passed in August. When I saw Elbert's obituary I thought about President Richard Marshall and all he taught us. It was a wonderful time, and we so loved being with both of you. May you find peace in thinking as I do, that they are working together in some missionary project in the Spirit World. Sending prayers for comfort.

Elbert served as a member of the board of trustees for the South High Alumni Association for several years and was a great advocate for our programs. He enthusiastically attended our meetings and was a very thoughtful contributor in those meetings - always sharing his thoughts and desires for promoting our mission. We're grateful to have known and worked with Elbert. On South High!
