

Elinor Marie Yancey Nielson

July 6, 1930 ~ May 20, 2025

My dearest wife’s sister. I write MD, as a tribute to her and her husband Ken who introduced my wife Joan to Family life as a physician. Elinor was always loving and supportive of her husband and family and a kind and loving sister to her sister Joan. A wonderful time was spent during many journeys with Ken and Elinor, and especially on a trip to England. Other journey’s were equally enjoyable. Elinor was alway generous and ready to offer her assistance. She was upbeat and smiling the last time I visited. Bob her son was her loyal and extremely helpful and loving companion to his mother for many years. All of her children were loving and caring for their wonderful mother. She meets her wonderful husband, her gracious parents, loving sister Joan and brother Jack that died in Infancy so long ago. I love you Elinor, and the mother and father that cared for you from birth.

- Lynn B Barlow, MD
