

Elizabeth Elentari Taylor

November 29, 1979 ~ March 31, 2025

She will live in our hearts till we meet again. You, her family are in our thoughts and prayers.

- Sherrie Rudy

Beth was a wonderful young woman and I am grateful to have known and worked with her. She was a valued Morris Center employee as a student of BYU, a kind and generous soul with a cute sense of humor and a great love for genealogy, the gospel and her family. We also worked with some of her sisters and know that you are a very close and loving family. I am sending my love and prayers for peace and comfort to all of you.

Beth will be missed at the FamilySearch Library. She has helped so many! Answering questions, doing trainings and creating lessons. She was always so willing to help! I pray for comfort for your family at this difficult time. There must have been thousands to greet her on the other side. Thanks for sharing her with all of us. ♥■

My deepest and most sincere condolences to Beth's family and friends. I only met Beth a few times and we had some short conversations, she was a special person with a good sense of humour. We swapped cancer stories once. Though I didn't get to know her very well, I could tell she had a great personality, I know her friends and family will miss her greatly.

I have researched my family history since I was 12 years old but when I was assigned to the FamilySearch Library as a senior service missionary, I was privileged to learn from and be mentored by Beth Taylor, who helped me change the very fabric of my thought. She had a great mind, and could remember SO much in terms of record

collections, etc., but her ability to analyze and piece together information is legendary. Her passing is search a great loss to me personally and for the FamilySearch Library. It is sad for us but I envision her on the other side of the veil surrounded by so many people she researched and helped others research in her quest to help us all connect our families. Heaven is a little brighter now she is there.

Between the work that Beth did on and for her own family, the work done by people she taught, and the people they continue to teach, the gathering of grateful souls at her homecoming must have been glorious! My condolences to her family and friends. She is loved and missed.

Hi, this is Sheila's friend, Jenny, from the GTU. I wanted to express my deep condolences for the loss of your beloved sister and daughter (and so much more!). I only had the chance to meet Beth a couple of times, but I still remember her laughter. What a beautiful soul. Her love of genealogy inspires me to return to my own ancestors! I send much love to you all from Texas.

I want to express my sincere sympathies to Beth's, family and friends, and those who worked closely with her. It was a joy and a pleasure to know Beth. I worked with her specifically on three occasions: for family history events for our ward. One activity was down at the family history museum and the other two family history events in our meeting house. One was before Covid. And one was just at the end of Covid. I was feeling overwhelmed with technology, and being new to my calling with an early introductory interest in family history work. It was rather quickly that Beth volunteered to help me using her efforts, her talent, her time, to help for all three events to be at success. She calmed my fears. She was effervescent. She had grace, humor, and poise. And it was a joy to associate with such a friend as her. I also appreciate her love of cats. On the other side of the veil, I'm sure she just does not have family that is waiting for her, her relatives and her ancestors but she has countless numbers of dear souls that she helped save and to do their history work and to help others do their history work. She served as the Savior would serve. She has contributed much to this world, and I'm sure that will continue as she will continue to serve in the next. A strong, true and faithful daughter of God.

We wish to express our sincere sympathy to family members and loved ones of Beth. Ours was the pleasure and honor of serving with Beth in the FamilySearch Library. Whenever we met with her, she was delightful and willing to

help in any way to help in the U.S. Canada Zone. We recognized very quickly her amazing research abilities, and she always had Library patrons in mind, with the goal to give them the best experience possible. We will always remember her wonderful message to our missionaries in a special morning devotional where she was the featured speaker. She expressed her desire for missionaries to feel free to ask her questions and she committed to help them serve patrons in the best way possible. She was dedicated to her work and was so very devoted to make sure the Lord's work of making families eternal was being accomplished. Our prayers and love to her family and her library friends, Doug and Erin Holmes Paul and Jenna Jackson Mike and LuAnn Faerber
