I'm heartbroken to hear of Liza's passing, but grateful that your family was able to have her in your midst for longer than expected, as she fought hard against a horrible disease. Liza was simply the best! I have so many memories going back to elementary school, through study abroad with her in London and in recent years as our high school friends gathered. I hope you will find comfort as you get together with loved ones and remember Liza's remarkable life and legacy.

Liza was a vivacious, wonderful, outgoing woman with whom I had the pleasure to practice law. This is a tremendous loss. My deepest sympathies and heartfelt condolences to her family.

Tinker was the best !!!! Such a loyal friend. We go all the way back to elementary school, so many great memories. Whenever you spoke to her, she was genuinely interested in you. She will be greatly missed.

Tinker, as we felt privileged to call her, was always smiling. Always interested in others and had a genuine love for growth and goodness. I so wish we had lived closer as I know i would have learned so much more from all her amazing talents and thoughts on life and more! We miss you so much. Your sparkle will always be in our hearts and we send hugs full of admiration and love to your beautiful children!! Your are our hero!!

Liza's life goes on beyond the veil! Liza was, and still is, a treasured friend and colleague. Her laugh and smile are infectious. Whenever we think of her we see her smiling, and we can still hear her laugh. She found joy in

everything life had to offer, from her wonderful children, siblings, and father - all of whom she loves so dearly - to her passion for work, solving problems, and helping others. My wife and I feel privileged to have known Liza and to have been included in her circle of friends. We continue to pray that each of her children, and that all of her family and friends, may be comforted during this difficult time. May God bless each one of you.
