I am blessed to know Ariel and have her in my class. I can only imagine her beauty and spark of creativity comes from her mother, Elizabeth. I would have loved to thank her for raising a wonderful daughter full of light and love. My condolences to the family.

I am so sorry to hear about Liz. She was very special to me. She was my kid's babysitter many years ago. We taught Primary together for a few years before she married. I got the opportunity to babysit Ariel on Mondays after her birth. I love her dearly and pray the peace of Christ to be with Darryl and her sweet girls.

- Gina Messerly

The first time I had the opportunity to meet Elizabeth was when we went to Stake Young Women's Camp together a few summers ago. Elizabeth wanted to be there with Ariel. So, she got work off, showed up at the church parking lot, all packed for several nights in the mountains, with sack lunches ready to go. I was so impressed because Elizabeth had worked all night at the hospital the night before we left. No one would have ever guessed she had been up all night with the smile she had on her face. She was so excited to be there with her daughter! I will always remember seeing Elizabeth soaking up her special time, in a special place, with Ariel. Elizabeth, pulled out all the stops again this last summer to get Serena to Camp Tracy with the Primary kids in our ward. She was the type of person who put her family first. She showed up for each of them in any place, at any time. Darryl, Ariel, and Serena -Elizabeth loved, and still loves, each of you with all of her heart. Sending all of our love and deepest condolences to each of you during this most difficult time. Elizabeth will truly be missed.

- Shelley Cheever

Please accept my heartfelt condolences on the passing of Liz. I am Serena's current teacher and was Ariel's. In the four years I knew Liz she was a constant presence, attending every conference, staying in frequent contact, and

always asking how to help her daughters succeed. I’m grateful for the partnership we shared in their education. Ariel and Serena are wonderful young women; Liz’s care and support helped shape them. My thoughts are with Darryl, Ariel, Serena, and the rest of the family during this difficult time.

Dear Liz, I’ve been thinking of you and wanted to express how much I admired the way you celebrated your girls every day. You made ordinary moments feel special—turning breakfasts, bedtime, and simple errands into memories they will carry forever. Your patience, consistency, and quiet kindness were the steady heart of your home and the reason your daughters glow with confidence and warmth. The holidays you created were always extra■special: thoughtful traditions, joyful gatherings, and little surprises that made each celebration feel magical. Your care—both the big gestures and the small, everyday ones—built a home where your girls always felt loved and cherished. I felt truly honored that you kept in touch, sending cards that showed how the girls were growing and thriving. Those updates were a gift and a reminder of the thoughtful parent and friend you are. You will be deeply missed. Your presence, your steady devotion, and the way you made life brighter for your family and everyone who knew you left a mark that will not be forgotten. With love and gratitude
