Thinking about you Dave. Thank you for taking care of my "sister from another mother". I cherish my fun times as a kid hanging out with Ellen and I will miss her dearly. I don't know who my doll will talk to now. Love you both.

My sincere condolences to you Dave and Drew. I'll miss visiting with Ellen at NPS and talking on the phone. Thank you for your loving care of Ellen during this difficult time. You guys are the best. Love you so much.

Dave and Drew, may God continue to comfort you as days pass. Cherish the memories you have with Ellen and let them be a comfort to you. She loved you both so much. I like to imagine Aunt Ellen and Mom (Olivia) are in heaven cooking up a storm and enjoying delicious food. I will hold on to Ellen's final message to forgive and live without clinging to regret. I will always cherish the good times of sleepovers, dollar movies, the Ricky Martin concert (Yes she did that for me!), and the many holiday parties we enjoyed as a family. I am thankful for the friendship and help she showed my mother in a difficult time. Her efforts have personally blessed my family to this day. Love, Deedee
