Elsa Stoof Berthold

October 30, 1929 ~ June 27, 2023

My heart goes out to you and your family Dave. You have my deepest sympathy.. Dave hang in there my friend.

- Terrie Marsh

Aunt Elsa was such a lovely, sweet kind and gentle soul. I will always think of her tenderly. She cared deeply for all of her family members. When she spoke with me she always held my hand and made constant eye contact with me as we talked, telling me how special I was and I always felt that I was important to hers. There was no doubt that she loved us all and cared about each of us. She always looked to me as if she was ready to sit for a portrait; elegant, perfectly coiffed hair!, lipstick, and as I recall she always wore a pretty, white blouse. I don't believe any of her nieces or nephews could ever doubt how much she loved us. It is a blessing and comfort to know that we'll all see her again.

- Rebecca B. Thompson

What can be said that would even come close to describing one the most beautiful people to have ever walked this earth. Elsa's limitless kindness, charm and Christ like love was a blessing to witness and be a recipient of. My life has been profoundly influenced knowing this great lady, and her absence in our lives will forever be missed.
