I’m so sorry for your loss. Please know that you and your family are in our thoughts and prayers during this difficult time. We’re grateful for the peace and hope that come through the Atonement, and I pray you feel comfort and strength in the days ahead.

Beautiful Kay was an amazing mom and grandma. The Randle legacy will live on through her love, grace and sense of fun. The memories her grandchildren have of her camps and adventures are unparalleled. She was one of a kind. Love to the family as you celebrate her life❤■

We are so saddened to hear of Kay’s passing. She was a warm and welcoming neighbor who made everyone feel included, always inviting us to her special milestones like her 90th birthday and 60th anniversary. We’ll remember her kindness in simple gestures too, like sharing watermelon from Green River. She loved her family deeply and often said with pride that all her kids were just “10 minutes away,” and it was clear they were always there for her. She will be dearly missed. Our thoughts are with her family and loved ones. We are going to miss her handwritten Christmas cards. Rest in Peace.
