We are so sorry for your loss. It is wonderful to hear more about her and see her beautiful picture! We pray you will all adjust beautifully.

I only knew Bethe towards the later years of her life. I appreciated how she took interest in my life and what I was up to. I enjoyed her smile and I'm grateful for the chance to have known her. Even more so, I am grateful for how my association with her led me to getting to know Liz and Dr. Visick! Your example of devotion, kindness, loyalty, and Christ-like love to your mother/mother-in-law has still stuck with me. I'm grateful that she is no longer trapped and is finally "free at last." Much love to all of you.

Liz and Mike and family, Sorry for the loss of your mother and grandmother. I enjoyed knowing her. She was always gracious to me. She loved her family and talked about you all the time! May God bless you at this time! Love, Lori Hendry (Leslie Leavitt's sister)

I love Great Aunt Bethe. I'm so grateful she was the amazing person that she was. I always felt so close to her & can still hear her voice in my mind. She was my favorite person to visit & she always made me feel so important. I remember Easter & other things at her house & so much fun always to be had. She was an amazing hostess & I felt so loved when she was around. So many great memories. So many beautiful moments. So many lessons I learned. So very thankful for her. I am sad in some ways but so very happy for her. Her bright spirit can now shine once again for all of Heaven. Great funeral service. Mike & John had such beautiful things to say as well as her loving friends. Love you Mike & John & family. Miss everyone it's hard to always be so far away. But I am so glad to have been part of all your lives in some small way. Sending you my love & support from Texas. Relish in all the good memories & moments because with Aunt Bethe you can't help but have many. She's so beautiful. ❤■
