I'm so sorry ...I always enjoyed talking to her...a few time when I was grumpy on the daily Emmalynn would be so upbeat that I couldn't help but smile. I always knew that when she was around, positive vibes were happening. We chatted a couple times about her experiences at Northern Michigan University As I spent a lot of time up there also RIP ...u will be missed

I first met Emmalynn in summer 2020, when we started missionary training via Zoom on the same day. We served in the Idaho Falls mission together for nine months, including three months in the same area. I so vividly remember meeting together in missionary council meetings and trainings, calling each other, playing games together on preparation days, and lastly, signing each other's journals before we moved to different areas. I will always remember her sweet, genuine spirit and love of God. It feels so surreal to think that she has finished her journey on planet Earth. This loss is without a doubt painful and shocking. It certainly feels sad to have to say goodbye to Emmalynn. But I will always remember this: in Chinese, "再见" does not mean "goodbye". Instead, it's a very hopeful "see you again". See you again, Emmalynn!

I loved meeting Emmalynn in Moab, I won't forget the time she let me blast my music in work before we closed and we danced around the store together to Michael Bublé love album while we moped the floors. She always emulated the saviors love. She was a friend to all and I will miss her, she was a real angel on earth. ❤️

Emmalynn is extraordinary in that she lights up the room when she walks in. She has a way of bringing sunshine wherever she goes. I remember being at girls camp with her and seeing how the younger girls idolized her and looked up to her—she is a gifted leader in addition to all of her other talents. We are so so for your loss. She's truly one of a kind. All of our love to you. ❤️

We are so blessed to have known Emmalynn. She was a great example of leaving people and places better than she found them through her love and service. She will be missed, but her example will not be forgotten. We love you Herbstritt family!

Emmalynn was such a bright and fun spirit. I worked with her this summer in Moab, and even though we worked different jobs and didn't see each other as often, she was always so welcoming and so kind to me and everyone

around her. She lit up every room she walked into and made everyone laugh with her endearing sense of humor. She was a friend to all who knew her. I never saw her without a smile on her face, and she was always so optimistic. I will miss you Emmalynn, and I am so grateful for the time I had to know you.

I will never forget the first day I met Emmalynn. We were leaving for stake girls camp at Heber Valley Girls Camp. Misty introduced herself along with Emmalynn after moving into the Indian Hills Ward a few days prior. Emmalynn was amazing at camp. She had a light within her that truly radiated. Instead of being bitter or angry about going to a camp where she knew no one, she was so happy and looked for ways to get involved and include others. She was a great conversationalist and sought out girls who looked like they needed a friend. I remember vividly her sitting at the craft table making buttons to put on her lanyard and involving others that sat all around her. She was mature beyond her years and looked for the positive in all things. . I kept in touch with Emmalynn over the years and loved reading her weekly emails as she served her mission. She was a gift and I'm so fortunate to have gotten to know her. Sending my deepest love and condolences. - Michelle Wilcox

Emmalyn used to hug me every time I came into work and would tell me how awesome I was and it made me feel like a million bucks. We liked to go to this beautiful outdoor spot by a small waterfall to read books together and talk about anything and everything. She was an incredible friend and I am going to miss her fiercely. Love you Emmalyn

She was a wonderful young woman full of life, just starting her journey. She touched everybody's life that she came in contact with, she helped people no matter what and was always there for those she loved. She saw the best in everyone, listened with an open mind and heart and she will be greatly missed but never forgotten. My condolences to my brother and his family but we will see her again. Love you guys.

We both worked for Western, and she was a great friend to my sister Emily who worked in the moab adventure center with her. Every time we said hi to each other at the warehouse, she had a smile on her face. She added such a positive, beautiful energy to the MAC and employee housing. She inspired everyone who worked with her to live adventurously and be themselves. The world needs more people like her. I can't help but think of all the amazing adventures she's beginning on the other side. Thank you Emmalyn, we'll see you later.

I am very sorry. I don't know what to say. I don't understand the loss, the pain, the suffering. I remember either talking to you or reading something from you. I can not even understand the pain.

She came to our house with her companion. She was at the library the day I was there and needed encouragement and help regarding a project I was working on! She and her companion went to the church and met me there and listened to me and comforted and encouraged me and offered to help me as they could. They gave me feedback. I had experienced some blows and setbacks and felt overwhelmed. They truly were at the right place at the right time and helped me feel God was aware of my project and my need.
