I cant believe your really gone so soon with a full life still left to live. I have to say thank you for making so many nights a better world at work and as a friend. Another reminder to stay in touch better with those who have touched our hearts the way you have. The list of lives that are effected is long. I pray ■ for your children to come ahead strong. You will be missed you sweet lady.

Dad, Chani, and family you are in my prayers during your time of loss. I pray that God comforts you and eases the grief you are experiencing. I love you all.

Erica, my goodness, I'm heartbroken. What a generous heart you had; what love you held for your children. What an infectious spirit you carried. How lucky we are to have been witnesses to these gifts. Sweet rest, dear friend.
