I worked with Erica in the cafeteria since the start of school this year. She was such a sweet lady and had a heart of gold. Always talked about her kids and family. She will be missed by so many.

Oh how I loved Erica. She was kind and friendly. She would often have a surprise waiting for me at lunch whether it was her yummy salad with bacon or her pizza with extra garlic. I appreciated her and her talent and the joy she brought to me and the kids at Longview. I will miss her.

Miss Erica was always taking care of everyone here at our school; students and teachers alike. If she noticed the staff needed a little boost, she would make us one of her amazing salads or a special pizza to brighten our day. I miss her loving caring energy and her sense of humor so much. Walking down that hallway just isn't the same without her to greet me. We love you so much, Erica! Thank you for taking care of us. Your memory will always live on here at Longview.
