October 21, 1936 ~ July 27, 2021

We will dearly miss you Erika. You been a great example and light in or lives.

- Peter & Manon Johannes

What a privilege to know sweet Erica. One of the kindest, humble, and loving souls I've known. We need a lot more of her in this world!

- Chere Clarke

Thank you Erika for your love, always dropping a Newspaper at my door every weekend. I missed that already. You are a true LDS Saint, and The Lord will be happy to receive you. Rest in Perfect Peace, till I see you again. Love, Sister in Christ. Susan.

We knew Erika and Jim when they lived in Oregon, and she was a friend of the extended Widerburg family. I also worked with Erika for several years at the state Public Health Division. She was a kind, thoughtful person. After she moved to Salt Lake City we exchanged Christmas letters every year. I will miss doing that.

- Bonnie L Widerburg

Dear Erika, what a joy it has been to know you. Thank you for all the Christmas Cards you sent ever since we found each other again on the bus. Remembering when you, Annette and I decided to climb the mountain behind our house. I was a teenager and you and my sister Annette were just a little older than me. We watched Bountiful city wake up and then on our way back we walked through a little stream to cool off. After I got married, we lost touch with each other until that lucky day on the bus. Always loved you for your testimony and sweet spirit. Sending sympathy to your family and friends.

This is June6,2024 and I just learned that Erika had passed in 2021. I still want to be on record endorsing her kind, sweet life. I was fortunate enough to be a missionary companion with Erika in Switzerland and witnessed who she is as such an exemplary daughter of God. I love her. We did go to sister reunions together and one thing I cherish when I think about her is her English accent. I’m so glad she kept it! I’m so sorry I didn’t know about her death and grave-side service. I definitely would have been there! Michelle Grane Erekson Shimizu
