

Errol Sterling Remington

February 6, 1937 ~ October 13, 2024

Errol was my Nordy Ebar coffee Buddy! For over 5 years we enjoyed a cup of Joe together several times a month. It started with 4 life long friends and ended up just us 2. I somehow managed to wiggle my way in! We spoke about life, family, people, politics and friends. He shared his writing and stories with all of us. He became a permanent welcomed visitor at his favorite table with a view of the mall walkers. Many of them would stop and say hello as they made their rounds. Errol was an intelligent, quick witted beautiful soul. We will very much miss him... Gods Speed dear friend.

Errol was such a kind human and neighbor, and we enjoyed listening to his stories. Diane, we are so sorry for your loss. Sending love and prayers your way from Cincinnati.

My condolences to all of Errol's family and extended family. Errol has touched many hearts. I had the privilege to meet Errol a few years ago in Washington State. We spent several hours swapping stories and laughing while we sat overlooking the Puget Sound. He made me feel like we had know each other for many years. I will always appreciate how he included my family as extended family. He will be remembered through his wonderful stories, kind heart and laughter.

I was able to know Errol through my cousin Dee Dee (Diane). I spent a couple of visits with them at their beautiful house on the pond, drinking wine on the back deck. I was also privileged to get to know him better when they came to visit my family in Salem Oregon. Although brief, Errol left a lasting impression on my heart. I loved our conversations. I loved listening to his amazing stories. I loved the Joy he exuded in his life, with his family and with Dee Dee. I loved his fruitcake and the devotion and love he put into each and everyone of them. I loved listening to him laugh. He was always kind and interesting and fun loving. All in all a gregarious and joyful personality. After

reading his obituary, I only wish I'd heard more of the stories he had to tell.. I feel fortunate to have known him and to have been at least, a little part of his life and very happy that he was a part of mine. Sincerely, JoAnn
