We have known and loved Evalyn since 1961; she was a real treasure, and our memories are treasured. Intelligent, kind, witty, reaching out to others, she was special and will be missed.

Every interaction I had with Mrs. Bennett was a delight. Her sincerity, smile, interest, kindness, poise and grace permeated all around her. She was a marvelous example of an amazing woman, dedicated friend and grand matriarch. I see those same fine qualities and service developed in her wonderful daughter Susan and am grateful for her loving example of how to be a kind and thoughtful caregiver. I appreciate all of the Bennett children and grandchildren and borrow some of your family traditions of gathering, olympics, newsletters, histories, etc. May you bask in the great love you have for each other and for your beautiful Evalyn/festive Evie.
