Dear family: So sorry to hear of Aunt Fern's passing. What a great lady she was. I think of her and Uncle Dale being together again and I am just so happy for both of them. What a great sweet reunion they are having. Know that we love you and pray that you will find peace and comfort at this time. We will make a donation to the missionary fund. Love you all... What a legacy to leave behind. You were so blessed to have such an amazing mother. May you speak of her often and have your memories of her bring you more joy.

Your mom was such a sweet lady and no matter what happens, we miss our mom's. I know I think of mine more now than when she was here. Can't you just picture the reunion your mom is having with your dad, and all those who have gone before. She certainly endured to the end as did all of you endured with her to the end. We love our

families but especially our mothers. I loved how much you praised and adored your mom in the obituary. Prayers coming your way. I will make a donation to the missionary fund in honor of your mom! Love you all, Kris

We had a lot of good times together at the Institute of Religion. She was a good friend. I knew she had moved but I didn't know where. I extend condolences to the family.
