

Frances Tagg Holfeltz

April 16, 1940 ~ February 4, 2023

We loved Fran. She was supportive of our family and loved the community. I was the Cub Scout leader in our ward. We needed a Bicycle Rodeo for our scouts and she incorporated it into the community gathering. She was a gift to us.

- Janis and Ed Bigelow

Sist Frances and Bro. Howard Holfeltz were in the Winder 2nd family ward in Holladay. I was one of the many mid-singles that joined the ward after we moved from the young single adult ward. I remember them kindly, they were so nice to all of the singles in that ward. I had the opportunity to still visit with them after I moved out of the ward. Nanette Sorensen and Sherilyn Farnes were their neighbors at one time so when I went to visit them, I also had on many occasions, to visit with the Holtfelzs. They always made sure Nanette and Sherilyn were taken care of, even when the Holtfetzs might be in need of something themselves, they always looked after their neighbors. I also remember the wonderful service they provided in the many Milcreek festivals and community activities during the summer in the park behind their home. I am grateful for their love towards each other and the continual service they provide to all whom they associated with. I am also grateful for Fran and Howard's testimony of the Gospel of Jesus Christ. They both will be missed greatly! May the Lord have them both in his rest and glory. Love and prayers to their family at this time.
