We knew Frances & Bob many years ago, then again our family adored her when she was the bright spot at Dr. Knell's office, then acquainted again with her son Brian in our LDS Ward, then finally when Sandra joined her in Memory Care at Spring Gardens. She brightened many lives. Through our faith we know she goes to a better place, leaving much love behind among all who knew her.

Sending my best wishes and warm thoughts to the Monson family. They are fortunate to have had such a beautiful mom. Julie

So sorry to read about Frances. We were students at the U. Of U. at the same time and I was always impressed with her beauty, kindness and smile. Then, when our daughter became Dr. Knell's patient, we had the opportunity to admire her again. Another memory: I was one of a foursome group playing tennis on her tennis court when the planes flew li to the World Trade Center building. I extend my deepest sympathy to her family. Kay Greene
