I love and miss you. Your Oldest Sister (a joke we always shared) Marilyn

I am so sorry to hear of Frank's passing. One of my fondest memories is the time Uncle Jim and I spent in Utah. . Frank was such a perfect host and showed us such a good time and made us feel so welcome. I know that he will be greatly missed by all those that knew him.

I want to express my sincere condolences to the Caglel Family for your loss. Frank was good neighbor and I enjoyed his friendship over the years. He took time to come by and express his condolences to me after my wife passed away from Pancreatic Cancer last May, which was very much appreciated. I understand how it is to loose a loved one and hope you find comfort in knowing he is in a better place now. Kindest Regards, Dave Carter
