With sincere sympathy at the loss of a wonderful son of God. Our love goes out to our dear friends Richard and Linda, and to all the Matheson family. Eternity cannot come too soon, as we wait to be reunited with those that have gone on before us. Keith and Cheryl Ireland

I was very touched by the sweet spirit Uncle Earl's family carried with them at his funeral service. I'm so grateful it was available to those who couldn't be there in person. I send my love and condolences, as I know you will miss him greatly. One of my cherished childhood memories are of when uncle Earl would rough house with young nieces and nephews out on the back lawn at Grandpa and Grandmas. He chased us, organized teams and games pitting cousins against cousins. Sometimes he created pyramids with the youngest at the top. He was full of fun and energy. I have always had him on a pedestal, and for good reason because he was and is a righteous man full of love. He married a beautiful woman. I think I was a "napkin girl" at their wedding reception. I love you Aunt Gayle ... and your beautiful family May God be with you always. Sincerely, Edna
