

Freddie Louise Dickey

October 6, 1934 ~ February 15, 2026

Aunt Freddie will always hold a special place in my heart. I remember her as a woman of deep faith, kindness, and warmth. When I think of her, I always picture lavender and purple, the colors she wore and surrounded herself with, that somehow seemed to reflect her gentle spirit. She was always welcoming and gracious, and as a child I remember feeling that kindness whenever we were around her. Although I didn't get to know her as closely in later years, I stayed connected through my dad, Uncle Ken. I'm so grateful for the memories I have of her and for the example she set through her life. She will be deeply missed and lovingly remembered. Praying for our family and asking Heavenly Father to bring comfort and peace to all who loved her.

If one could choose a sister-in-law, I'd choose Freddie. She was such a bright light in my family's life. I never in my entire life heard anything but love expressed by Freddie. She was always pleasant and brightened every conversation. Even with her infirmities in the last few years she was always cheerful and interested in others. We will remember her in our hearts forever.

I had the pleasure of being able to care for Freddie as a CNA and her med tech and I will greatly miss her. It will not be the same around here without her bright optimism and beautiful smile. My condolences to the family that you all find peace in this difficult time and pray you all lean on each other. You all are amazing she and Everett raised some beautiful souled children. Lots of Love
