My sweet friend, I am so saddened to hear of Fred’s passing. I think of you often and cherish our friendship! You were such an example of faith, perserverance, and Christ-like love. I miss and love you. You and your family are in my prayers■■■■

Oh Merilyn and Family - I well remember some of the good ole days back at the U's East Village with you all. Fred and I studied together many long hours with the pre-med curriculum and it used to drive me crazy how quickly he mastered the material, while I struggled. I also remember when I bought my Suzuki motorcycle and Fred got the Beemer, and all those long relaxing rides into the mountains we went on to decompress from the studies and stresses associated with just trying to make ends meets while supporting large families.....it was a stressful time, but also a time of fond, loving memories with you, Fred and the families. We love you and pray for your peace and comfort at this time of parting, but know we will see Fred again!

I'm grateful that Whitney let us know about Fred's passing. I didn't realize that you are in Midvale now. We have a house in Midvale now as well. We send our love to you and your family Marilyn I can only imagine what it would be like to lose your husband. I Thank God every day the Dan is still around. Sending love, Dan and Patricia

Fred Smith …one of the sweetest, kindest, men we have ever known. He truly had the light of Christ with him. He simply made you feel better and happier just by being around him. We will miss the many long years of brother and sisterhood we have shared laughing and enjoying life, along with our many deep spiritual conversations we had with him. We are so grateful to know that this friendship will continue on through out the eternities, but we will miss him terribly in mortality. Until we meet again dear friend, you will always be in our thoughts and warmly in our hearts. Thank you for your unconditional love, example, and friendship. With eternal love, Elliott and Meya Fitzgerald
