Fred was a key figure in our "coffee club" over the years and we had missed his fun and engaging dialogue over the last several months. I had heard about his declining health from a fellow coffee club member and traded texts with him to bring him lunch at the house, just a couple of weeks ago. Super sad that never happened, life is precious! Despite our age gap, Fred was a force to be reckoned with. I always enjoyed our coffee club banter, his inquisitive nature about my career, his passion for the U, his incredible wine collection, and of course, his stock performance tracker on his notepad! I may or may not have picked up a winner or two from his wisdom! Rest in peace Fred, you are missed by many.

I was fortunate to meet and know Fred since 1987 when I pledged Kappa Sigma. He was an anchor for us and a great friend. Prayers for him and to the family

We were saddened to hear about the great loss of your dear father.. We feel very fortunate to have known such a brilliant and honest man over multiple decades. What a blessing that we met someone who cared about his clients and treated us with dignity like valued friends. It's rare to find people like Fred. After years of serving the needs of others, he chose a slower pace, but continued his special bond with his colleagues and clients that had developed over many years. We were always delighted to see him on occasion at the office with Jodi and Alex. Fred made us feel very special and greeted us with a wonderful hug. It was evident that Jodi, Alex and Leslie loved and honored their father's wishes through every challenge to find the best quality of life for someone so dear to them. Fred was a proud and dignified man with incredible courage. His capacity to love his family and all who knew him was beyond measure. He lived a life of purpose, and made our world a much better place through the many lives he touched. Fred Wheeler was truly "A Good Man." Jodi, Alex, Leslie and families..May you find Peace and healing in the days ahead, and in your time. Our prayers and love are with you always.

We have lost a Gentle Giant! Fred was my mentor and dear friend since working with him at MLPF&S in the 1970s. That smile, the laugh and Fred’s willingness to always help others— What A Legacy! I send my deepest condolences and Love to his family.
