

Fredric Theodore Wunderli

March 15, 1935 ~ December 17, 2025

I loved Fred. I cried when I learned that he had passed. I couldn't help myself. I will miss him. I will miss his stories. I will miss his advice, and his service, and his humor. I will remember how good he was; his devotion to friends, fairness, family and sports. He did my taxes, planned my estate, and laughed every time we met. Fred didn't cut corners. He could say no. He was a man's man. He was good at what he did, a model of character and competence. He kept his word and was honest to the core. Our decades-long association permits me to say, paraphrasing Hamlet, "We shall not soon look upon his like again." With every good wish to those who knew and loved him, Joel (and Karen) Allred

Fred was one of the nicest individuals I have ever met. Having grown up in the same ward where the Wunderli family first planted their roots, I have many great memories of Fred and Bernie. My condolences to the Wunderli family.
