Bob will be remembered for a long time. He was a very talented and kind man. He continued to share his talents with the 23rd Army Band long after he had retired and did so with zero compensation; even buying his own uniforms and paying his own way to travel and perform with the group. I had the privilege of considering him a friend. He and EJ attended my wedding 5 years ago. I'll miss going to lunch with him and hearing his stories about Band operations and events from years ago. To all the family, you have my deepest sympathies and most sincere condolences. May he live on in your thoughts and hearts through memory of the great life he lived.

We so much treasure the memories we built together. Condolences to his children and wife. Bob was the best 1st Sargent ever. He will be missed.

- Norman and Cathy Wendel

My 1st memory of Bob was in the Summer of 1968. He, Anna Rose, and Norm Wendal were playing clarinet in the Salt Lake Municipal Band in Liberty Park. Our Friendship continued as fellow Band Teachers in Granite School District. Later on Bob and I enjoyed many fun filled years in the 23rd Army National Guard Band. He was a good person with great character; an outstanding Family Man. He was loved by and will be missed by his many Friends. My Love and condolences to his wonderful Family. Walt BATEMAN

Dear Family members: It is with deep sadness that I heard of Roberts death today. I was proud to be an associate with Bob. We both were with the National Guard and the Granite School District together. What a great man and teacher he was. I will never forget the great times we had together, both with Anna Rose and my wife Nola. We were vast friends and our friendship continued thru our retirement. I will miss his friendship as well as his stories. He was a consummate musician and teacher I could not have wanted a better friend and associate. Mr & Mrs Nick Falcone.

I had Mr Wood in Bennion Jr High some 40 years ago. I listen to classical music while working because it helps my concentration. Otherwise, I am a huge heavy metal fan. Because of Mr Wood I have an immense appreciation for classical music and excelled in the subject in college. I was just listening to some music at work and was remembering all the times we played some of the songs in band class and thought I would google and see if he is still teaching or performing. Even after this long, it brought me to tears to see this obituary. He has made a huge impact on my life 4 decades later and will continue to through my life. I just wanted you to know that.
