

Gail Christian Kummer

February 20, 1925 ~ March 10, 2021

My condolences to the family. Gail was one of the warmest people of my childhood in Park City. He and Maxine always greeted me with great interest and warmth which I appreciated. He would tell me stories of his childhood growing up in Empire Canyon with my Father Robert Richardson and how my Grandmother treated him like one of her children. Gail still called my Dad to see how he was doing in the last year.

- Mike Richardson

Please accept my condolences. Gail was a great guy. He and Maxine were friends of my Mom and Dad. Gail was fun to be around, I even played basketball with Gail at the Memorial Building. He will be missed. Rest-In-Peace Gail.

- Bill Huhtala

Gail Kummer was the most caring & loving man I have ever known. He always had a smile upon his face and always gave you a hug when you seen him. He always told me how much he loved me and my kids and how special we we're to him. We will surely miss him in this life, but know that he will be reunited with his sweetheart and dearly beloved wife Maxine Kummer. I hope Scott asks you to gold 18 holes with him up there in that special place weall call heaven. I know he is in a better place and he is just one one angel looking out for me and my family. Give Scott, Shayna and grandma kummer a big hug and kiss from me and Matthew. Love you tons. Brenda Mason

- Brenda & Matthew Mason

GPA Gail was an amazing, funny, loving & giving man! I was blessed to know and live him. My sincerest sympathies to the Gary Mason family, Gay Lynn Johnson family and Randy Kummer family. He was one of a kind for sure! I know he is back with GMA Kummer & I’m sure he is playing with Shayna Kimmerle Mason!! ❤■❤■ Thinking of you all, Kimmerle N Mason

- Kimmerle N Mason

I was fortunate enough to work with Gail for many years at United Title. He was truly one of a kind, and I am so lucky to have known him. His smile and energy were infectious. He would come to work whistling in the morning. I still remember the tune. He told me he didn't do the job for the money, he did it for the hugs and cookies. I have never met such a wonderful human in my life and I will miss him. My thoughts go out to his family.

- Camille Keys

What a great man. Always so positive and that infectious smile was his trade mark. My father Louis, always thought the world of Gail. They worked together at the Daily West for a while. I remember his kindness and radiant personality. My best to the entire family. Don Williams.

- Don Williams

Always the example of love and kindness. Gail and Maxine made my childhood richer. So grateful to have known them in my lifetime. They have left a legacy of love.

- Megan Nichol Stay

We so enjoyed visiting with Gayle every time we say him. He had the knack to make one feel they were the most important to him at that moment. We are so old and decrepit we thought we would just watch the streaming on line. We are so sorry for your loss but also glad for Gayle that he can be with Maxine and others who have gone before him. He lived a good, long life. May God bless you all.

- John K. Mair

Gail worked at my company, United Title Services, for many years. Without a doubt, he was one of the best employees we ever hired. He had such a great attitude and a strong work ethic that I didn't even realize he only had one hand until three years after we hired him. Here is an eightysomething year old running circles around everyone (including me) in the office. He would poke his head into my office often to thank me for hiring him and to tell me that "this was the best job he ever had". He was definately one of a kind and I feel honored to have known him. My thoughts and prayers go out to his family. Rest in Peace my friend.

- Craig Newman

I am so sorry for the loss of Gail he was a wonderful person I considered him a great friend loved him very much.

- Bonnie gates burningham

Dear family, I worked many years at Sorenson Research Company with your mom. Oh the fun times we had. Be at peace as they are together at home.

- Alice Higbee Howell
