So sorry for your loss. Blessings to the family

- Jolene Moses

So sorry for your loss, it was a pleasure to have known Gary and spending time with him in riding the trails in Utah and lately in Arizona. So sorry I didn't get to see him this year. You have my deepest sympathy.

- Norman Wells

Garry was one of a kind and one of our core four people that we structured our real estate projects around. On a business level, he was instrumental in getting the project completed even though there is always some unforeseen circumstances he made certain we all got to the finish line. Garry always kept his work and integrity elevated by always making certain we got there with him. Garry was one of those guys I can say was a best friend. We hunted elk, fished in really cool places (although Garry was never a very good fly fisherman) and he enjoyed all of our extraordinary adventures. Some of them will never be duplicated. I could confide in Garry and he could do the same with me, it’s not just a saying but, we had each others backs. Garry was an amazing brother, friend, business partner and somebody whose fingerprints were all over every aspect of my life. I loved him then, now and forever. May God bless him and his family and should they call me in need of anything, I will arrive at their doorstep anxious to help as I owe Garry more than I could ever repay him. Brother, I know you are with Jared and that even though you mourn for your family who are here on earth, through your life’s efforts they will be well taken care of by those like myself who love you more than perhaps you knew. Till we meet again, Chris

Gary was one of my very first customers when I began selling equipment 36 year ago, and over time he became not only one of my best customers, but also a good friend. I will truly miss him, especially the conversations we shared about work and life. All of us at Holland Equipment co. are deeply saddened by his passing and will miss him greatly.

- Rick Michels

I was privileged to be able to work with Garry over many years. A good honest and hard working man that I considered a good friend. My condolences to his family, he will be missed in the civil construction industry.
