

Gary K Kelsch

Sept. 10, 1963 ~ March 13, 2023

I've known Gary approximately 6 or 7 years ago. With all our interactions together he always seemed like a very honorable, honest and straightforward person. He hydro dipped a gun for me that I will cherish forever. It is definitely one of a kind as he was. R.I.P

So sorry to hear ■

Uncle Gig was always so passionate about the things and people in his life and would do anything for them, especially his boys. I'm so glad for the time we got to spend with him.

Well looking back, I see that I've known Gig in one capacity or another for most all of my life! I recall many hunting trips with Gig and his brothers! Many good times there!! He is one person that disagreeing with was easier if you kept it to yourself, but he was very intelligent and educated just not in the academic way. God rest your soul brother! Until we meet again.
