

Gary Lewis Klumker

April 18, 1938 ~ February 21, 2023

I am so sorry to hear about Uncle Gary passing away! Please know that the whole Klumker family are in our thoughts and prayers. I wish were not so far away in North Carolina, but we will see the funeral via Zoom. I could not have asked for a better uncle. He has always been a great inspiration in my life. With much love, Andrew, Sarah and family

Dear Linda, I'm so sorry to hear of Gary's passing. He was such a wonderful man (as you are a woman). I'm just sorry that we've missed spending time together over the years. The four of us have such a lot in common. I've missed you. I've been bedridden about 90% of the time for over the past 15 years and Gary has dementia. When you are feeling up to it I would love to talk to you. My number is 801 995-8832. The Lord bless you. Love you lots, Donna

My favorite memory of Uncle Gary was when he & Aunt Linda were at LDS Hospital waiting room while Dad was in shock/trauma ICU. He saw a man alone crying & without hesitation went & sat down next to him, spoke softly & calmly to him, and within minutes was holding his hands. You were an amazing human.

I am so sorry for your loss! I wish I could have attended the funeral in person, but blessed to be able to watch it on zoom! Gary was such a great guy and I am grateful to be his cousin! He will be missed!

So sorry to hear about Gary! I knew him from Cypress, CA when I was a kid and we were in the same ward. He always made me smile and was always joking about something. He will be missed by many. Sending love to Linda and the rest of his family!
