A lovely lady and friend. She and Jay must be very happy.

- Orrin Colby

My thoughts and prayers are with all the family for comfort and peace. I know Gayle and Jay are watching over all of you now. As President Russell said" the only way to take sadness out of death is to take love out of life" you are loved as was Gayle.

- Pauline Biesinger

I'm sorry I didn't get an opportunity to know her, as a new member to her ward. I send my wishes for comfort to her family. May you hold firmly to the best memories and example that she's given you.
