I'm so sad to hear of Gene's passing. It was my pleasure to know him professionally for many years. He always made others feel welcome and important. I'm sure he will be missed immensely. I pray strength and grace to his fine family.

I just found this news out yesterday. I loved and respected my Uncle Gene so much and am so sad. I was able to meet with you and Tammy in SLC as my wife's father lived on Main Street. I was so grateful for this and even though I did not see you often, you were a part of my life. Now you are with your brother (my father, Bob) and yet another part of me is gone. I love you Uncle Gene and my condolences to the Alles family.
