

George Anthony Schmidt

February 25, 1949 ~ June 3, 2024

I met George at Christmas when he would come to Lisa and Anthony's home for breakfast. In fact a few years when it snowed he would pick me up in his truck. Also would see him on some Father's Days when he would go to Anthony's home. My granddaughter Lisa is Anthony's wife. He was always very nice to me and told some interesting stories. I have missed him these past few years. George had some wonderful grandchildren he should be very proud of -- which I am sure he was. RIP

I am so sorry to hear about George passing so young. I always think back about the good friends and neighbors you all were. I send you love and peace to all family members who are preparing to say goodbye to George but always remember him in your hearts. My very warm Condolences. Doug Funcannon

George's passing reminds me of many good memories of when we were next door neighbors growing up. I was lucky to have him as a friend.

- Richard Ware

RIP George you was a great friend and father figure for me growing up. I will always remember your upside down Christmas ■. See you on the other side George.

- Steve Johnson

George was very special man one of his great qualities was including everyone around into everything that going on.
