

George Brain

July 6, 1944 ~ January 5, 2022

So sorry to hear! Barbara never mentioned this to me, though we have talked infrequently the last few years. Hope David is doing well.

- Layne Crawford

I hope you are resting in peace. You were the big brother I always wanted and was grateful for having. Thank you for always being there for me. Thank you for your wise advice, friendship and encouragement throughout the years. I look forward to playing five card stud with you in the next life! Love always and forever.
