I was so sad when I heard about Mike. He was a great friend and had a marvelous instinct about people. he was a very easy to talk to and a good listener. He is a true son of God. My love goes out to you Rosalie and your kids.

Dearest Rosalie and family, our heart goes out to you all. Knowing Mike was such a privilege and we always treasure our time as your neighbors in Farmington. We were so relieved when he came back from his horrible accident. May the Lord comfort you and the love of all your friends sustain you through this difficult time. All our love, Sam and Bibi
