

George Williamson

October 13, 1937 ~ April 6, 2025

I am so sorry for yalls loss.

- Aaron Gray

My Uncle George was so special to me. We didn’t spend as much time together as I would have liked but every moment we did was full of fun and laughter and I loved him very much. When my brother died George flew over to the UK straight away to be with us and I will never forget at his funeral him squeezing my hand when I became distressed at a particularly painful moment. He was alway kind. My only wish would be that we had spent more time together. Rest in peace Uncle George. I will treasure our memories forever. Xxxxxxx
