

Georgia Lee Cunningham

September 19, 1949 ~ January 3, 2025

When I first started my employment with the Church, it was in the Church Magazines accounting department. Georgia became a dear friend from that original team of employees. And yes, Georgia was more of a “socialite” than she would admit, even back then. It was her unconditional love, humility, compassion and warmth that drew you to her. I’ll forever be grateful to have had her in my life. True to her character, in the end she likely decided there were other things she could be doing; family and friends to visit with, help to give, and those to bless with her caring disposition. I’m happy for her though sad for her family, that she has finally gone to her permanent home. May you feel her presence in your lives. May you hold on to that memory of her wonderful hugs. May you have the assurance that her mission in this life has been accomplished. She leaves behind a legacy of love.

- Cheri Goff

The loss of Georgia Lee Cunningham leaves a hole in our family that will never be filled. I'm sending my love and support to everyone as we navigate this difficult time together.

- GeorgAnn Thompson

I have know Georgia since our days as roommates at CSU and USU. She was so fun to be with and always had something to say to make us laugh. I enjoyed being a friend and learning from her. We were so young and silly back then but became friends for life. She lived in my grandma and grandpa 's house in Sandy when the family moved here and we got to see each other more. I talked to her and visited when I could. Theses last few years after her Mom died were hard and she was lonely. I was so uplifted by the time I spent with her. She always made you feel better. I know she was close to her family. Many times when I was there she would receive a call from someone in family and I would wait while she talked with them. Georgia was such a wonderful woman and she will be missed.
