

Georgiana "Cissie" Lees Burbank

April 13, 1940 ~ February 28, 2026

Cissie was my supervisor at IMC and she was the best! I loved her sense of humor and her kindness! ❤■

Chris and Mike, My condolences and prayers at this time of loss of your mom. What a great life and example. May you be comforted in knowing your mom and dad are together again. May God bless and comfort you both and your families at this time.

I worked many years with Cissie at LDS Hospital. She was a great gal and we had a lot of laughs. Had some great conversations coming and going to work when I was able to pick her up to go to work. She was always a pleasure to work with! She will be missed by many. I am glad to have known her.

I worked with Cissie for just under 30 years. She was special and everyone in the hospital knew her. She cared deeply about patient safety. We used to joke and when we weren't sure what to do, we would say 'what would Cissie do' (WWCD). She always took a special interest in helping those employees that needed extra help or care. She was genuine and had a great sense of humor. She always brought her delicious and famous pasta salad to our potluck lunches. I always think of her when I use a paper towel. So many times over the years she would say that

she can live without a lot of things but she'll never go without her paper towels! I loved her. You were a very lucky family to have her and Tony in your lives. RIP dearest Cissie

I knew Cissie from working at 8th Ave Grocery and then when I was assigned to her department as a candy striper volunteer. I love this lady! She always had a smile for me when we ran into each other over the years as I continued working at LDS Hospital. Truly a gem!! So sorry for your loss!
