Geri was a beautiful presence in my life. I especially enjoyed her sense of humor and her wisdom. Geri will be missed so much any gathering. She had a way to make everyone feel loved and appreciated. I offer my deep sympathy to Geri's family. May you know peace as you say goodbye.

I participated in a prayer group with Geri. Her compassion and love was evident in every instance. She was and continues to be an inspiration for all, her inner light shining and surrounding everyone. Her beautiful legacy continues on! ■

To the Bates-Nedrow family, my cousins: I'm so sorry to hear of Geraldine's passing. I know this will leave a hole in your lives, just as any loss does. I did not know Geraldine well, being among the younger cousins, and also because of my many years in Alaska. But I will always remember thinking "how pretty she is", or "how nice she is". Thinking of you and praying for you all at this difficult time. Lila

So sorry for your loss. Glad I got to know all of you a little bit when we came down and stayed when Stella was little.

While I didn't personally know Geri, I am a friend of Alan and Becky and know that they appreciate and value the relationship of their family. They always looked forward to spending time together each year and I know they are feeling the depths of this loss. Your entire family is certainly in our thoughts and prayers as you go through this difficult time.

Dear Gerald, Ryan, Rachel and Family, Please accept our most sincere condolences on the passing of Geri. We did not learn of her passing until recently when our son, Michael, told us. We met her many years ago when we

waited with her while Michael, Ryan, and Rachel were taking their karate lessons together. We enjoyed the many hours spent talking and sharing stories with her. Although it's been many years since we last saw her, we appreciate the time we got to spend with her. We will remember her as a kind, humorous, and gracious woman. We particularly remember how much she enjoyed teaching, and how she touched the lives of so many young students. Sincerely, Paul and Sandy Iwasaki
