Hi Charlotte and Kurt. I am sorry for your loss. Thanks for sending me the obituary. Your dad had many wonderful accomplishments in his life. I am sure his memory will live on in your hearts forever.

We love your family and Glen was always kind and cheerful with our family. He’s very happy with loved ones now. We will miss him until we are all united as an extended family. We are so grateful for the gospel! Sincere condolences.

what a man! They don’t make them like they used to. There was something special about that generation. You were very lucky to have such a father. Rainer and Ping.

OMG! What an amazing, accomplished, great father you had! I agree! Too much to ever share at a service. Charlette, I love being your friend, and you being mine. It's been quite a mind-boggling ordeal with trying to provide the best possible life for your father in his last years. Condolences to you and Kurt, and all of your father's family.

So sad to lose Uncle Glen. I enjoyed his wit and sense of humor. He was always a joy to be around. I had the fortunate opportunity to travel with him, Elva, and Nellie to Cancun. It was a wonderful time together and fond memories remain.

I have fond memories of Glen & Elva. It seems they were always there as I grew during most of my life. They are my cousins but because of the age difference I related more with Leslie, Charlotte, and Judy. We send our love and prayers to all of you for your loss. What a wonderful life Glen (and Elva) lived. What examples they were to everyone but especially to us family members. With Love, Grant and Connie Hardy
