Diane, Ann and family, Your mom was such a bright light. She always had a smile on her face. The love she had for her family was obvious! You are in my thoughts and prayers as you go through this difficult time! May you be comforted in your grief through the love of your family and friends. All my love!! Susan

I loved visiting with your Mother on many occasions. She suffered with many painful afflictions but always as I would offer my sympathy she would quickly change the subject and talk about all of you. She adored her family. She would express love, concern and tell of all you were doing. Her love for your Father was so evident. He took just incredible care of her. And now to think they are together and he is continuing with that constant love and attention. On one occasion she gave me a bright red strainer and just the other day as I was using it I reminded my husband that Glenda had given to me. Know that you all are in my prayers as you mourn her passing.

Affectionately, Anne Larsen. (VV 8th)
