We love you and your family. Gordon was a wonderful man. He will be missed. Our thoughts and prayers are with you and your family.

Gordon was a genuine human being. His humor was unmatched. I first met Gordon when he was a substitute teacher. Gordon lit up the classroom in a quiet subtle way. Later I had the opportunity to work with his beautiful wife. These two were dynamic together. Their love was unmatched. My heartfelt love is with you my dear friend. My heart is with you. This is a very hard loss. Keep your memories close. Love, Ruth

I have lots of memories from growing up with Gordon. Our birthdays were pretty close. Kindergarten to Senior year. We were in the drivers training car together. We were all terrible! Poor Mr Kjar. We went to Senior prom together, because we were comfortable together. Funny thing, when my husband and I went to prenatal class, there you two were! What a great guy! My wish for your family is peace, and lots of great memories!

Gordon Kay's exceptionally witty and dry sense of humor will always be one of my favorite memories. I'm excited for Gordon's reunion in heaven with dad and his dear mother. Until we meet again, dear brother!

Gordon was such a kind, thoughtful man and a wonderful teacher. It was joy to work with him at Terra Linda. He built lasting relationships in his quiet, caring way. Thank you to the family for sharing him with us.

Wendy and I were so sorry to learn about Gordon’s passing. He is such a kind and good-natured person, always quick to laugh and bring warmth to those around him. He makes a lasting impression on everyone who knows him. Shauna, please know that your family is in our thoughts during this difficult time.

I am one of the many, many parents who knew Mr. Funk at Terra Linda. Even though neither of my girls were in his class, he was still well-known to us as he was always friendly and would say hello to us as we helped out in our kids’ classes. Our whole family sends our sincere condolences to Mrs. Funk and the family. ■

He was seriously one of my favorite humans. When I worked in the office we loved to pull pranks on him. Our favorite was wearing all of his Tommy shirts on his birthday. All he could say was “Don’t stretch them out” He let me drive his Mustang to Arctic Circle and when I came back I messed with his seat and moved it up. Blasted the radio, turned on the wipers. We sat and watched him panic as he got in his car to leave. The Valentines he gave us was ruthless but also came with a big sugar cookie so it made it ok. I could go on and on with memories. I cried at the last dinosaur fair when he taught my son. I can’t remember how many bulletin boards he had me do over as a mom helper because it was not perfect. He is truly the best! He will always hold a special place in my heart for all these special memories.
