*August 2, 1959 ~ November 2, 2021*

---

I only knew Grant for a short period of time but in those few years I realized what a kind soul he was and how he enjoyed life. He was always talking about his golf and how much he enjoyed playing with his buddies. Our last time together was before he started his treatments. We enjoyed the animals at Hogle Zoo. It was a warm day but, he was a trooper. The giraffe's entertained us. He was a proud man because my attempts to contact him after that day were futile. Thank you, Dear sister Sydney for letting me know. Grant had a wonderful family and he is blessed. Grant, may you be hitting balls in Heaven and rejoicing in seeing your loved ones again. Love, Jeanine
