My heart is very heavy. Impact training was one of the best experiences of my life. I can't imagine a place more full of love. A very sacred place to learn how to be vulnerable and how to love unconditionally. Hans had quite a gift to look past people's walls and see their true selves. He was tough yet full of love. I really wanted to continue with the life mastery classes with Hans. I know his legacy and impact lives on in many ways through many people. I consider it one of the greatest privileges in my life to have known Hans, Sally and the Berger family. To have the opportunity to engage in the trainings and see the results continue to manifest in my life 20 years later. On a daily basis, as I live my life I am reminded of the concepts that have taken root in my consciousness. I am even further moved by the opportunity to have known Hans on a personal basis and work with him to assist in executing his vision of the Trainings. It still is and always will be one of the most valuable experiences in my life. All my love to Sally and the family and the memory of Hans in this eternal moment. And so it is!

Dearest Berger Family, my name is Dell Hill. We met Hans at Impacts first training in San Diego, California about 1989, and our families lives have never been the same since. I thought that he was an arrogant bully but then I came to see the real man that he was. He had the gift to see (and say) things that most others didn't see (and wouldn't say). Hans, may your work on earth continue while you work on heaven.

Where does one even start when we think/feel Hans Berger? ■■■■ I have many beautiful memories of him, including Sally. I attended my Quest training in November of 2011, my Quest Friday- ■■ being on 11/11/2011. It was not so significant at the time, but nearly one year later as I took on my life mastery training I realized that I lived on 161 Casi way and my birthday was 08/01/1971. "The power of one was my big breakthrough in the Life mastery one training!" "Every single one of us by and by...." just as the song says - make our own unique ■Blueprint -&- You-nique footprint in this life.■ A few of my favorite quotes he often says is "Don't believe everything I say, but don't discount it either!" & "We create worlds; it doesn't have to look like a physical world!" I realized in that moment I co-created four4 beautiful beings - four4 beautiful worlds! I'll never 4get one time during a quest walk-in, he approached me in the crowd and said "Your hair is blue!" and I said "Wow, so is your shirt!" and he was wearing one of his amazing marble colored shirts with the white and blue! His eyes lit up and we laughed and mostly because he was speechless and that is a very rare moment indeed! The last time I saw him was at the December Christmas party in 2022. I saw him walk in the room and my heart is filled with joy, even tears... I made it a point to make my way across the room and connect heart to heart, soul to soul, eye to eye, he said "Sherry it's so good to see you," with a big hug! Hans is always so happy to receive our love and our light back to him as the ripple, he is the "Light keeper!" "The Light Bringer!" The new dawn, the new beginning! I Am Sending you all light and love..to all the ripples of your own families, too many to name but you all know who you are ■■■■■■ Han has a very special way of reaching souls to remind us of our magnificence. And I will never forget mine because of the stand that he bravely, courageously took! Thank you Hans, thank you Sally & family, thank you, thank me! Hans had so much influence on my life trajectory after I met him 13 yrs ago. Im honored to be one of the many people impacted by his legacy and commitment to living intentionally. So grateful for Hans and Sally and everything I learned from them. One random evening I was feeling overwhelmed with gratitude for my life and the things that were happening for me and I decided to just call the training center to express it. It was like 8pm on a Thursday or something. Hans picked up the phone and I was able to tell him directly. Its one of my favorite little memories. Such a small thing that might not register for him. But he lived in such a way that his energy left an impression on me to where I remember a 60 second phone call from a decade ago. Thats who he is and how he showed up. Much love my friend. -Preston

Earlier this evening I was thinking about Hans and Sallie Berger and what wonderful people they were and the huge impact they had in my life. I actually just Googled the names and found out about the passing of Hans. It's certainly not a coincidence that I was thinking of him on the day of his funeral. My heartfelt wishes go out to all the family. I was in Liftoff 124 and did my training during the summer of 1998. What an impact Hans has had in my life. Because I just happened to be thinking of him today tells me that he is really not far from us. Sincerely, Annette (I am a Loving, Inspiring, Powerful, Divine Woman).

Hans has been called to a Higher Realm to continue the work he has been doing here on Earth. His life here has been a great blessing to many people – he is so loved – we will miss him. I am sure he is still "seeing what he can create", just like he always taught us to do. Thank you, Sally and Family, for being there for him these last months. Thank you to family for continuing the work of his and Sally's vision - Impact Training. It has been such a great blessing to our family. We will forever be grateful. I was googling Hans looking for an impact date or something and saw his obituary instead. So much goes through my heart, sadness for loss, happiness for what he created and his legacy here. I got to meet him only one time due to his health and that was at last year's LMT Christmas party. I cried and told him how impact and him made my life amazing again as when I was first born. Impact has changed my life and I feel the most love and peace when I am with my Impact family. A song goes through my mind by John Denver and I first heard it through impact: Your heart to mine My heart to yours Talk about opening windows Talk about opening doors My heart to yours Your heart to mine Love is a light that shines From heart to heart From my heart to yours Espavo 4444 Mindy Harris

I wanted to give a heartfelt love and gratitude for such a family and someone who stood up and gave unconditional love. The greatest gift of all. I AM so grateful for your kindness, devotion, unconditional love and teaching me to look within. For without the trainings, my life would have never shifted. Thank you for the kindness that I will never forget when Hans felt inspired to ask me and my orchestra to play at the large event held in Salt Lake years ago.
