

Harold (Hal) Malzahn Rueckert

February 16, 1942 ~ October 26, 2024

We loved having Hal play piano once a month or more for the Mingo LDS Church branch at the Sandy Care and Rehab Center. We all felt his warm and generous spirit in sharing his musical talents with us. He is loved and will be sorely missed.

- Annie Eastmond (for the Mingo LDS Branch)

Sorry for your loss! I was at our last 64th reunion at provo boat harbor! It was so nice to see our class that was there! Back in the late 50's I worked at their family laundry- dry cleaning! I enjoyed my time there! Praying for peace and comfort to all of you!■

- Mary Mason

Phyllis: I worked with you at CopperHills High School and today read of your husbands' passing. I am so sorry for your loss. I hope your sweet memories you made together and your family will give you peace and comfort during this difficult time. With Love, Brenda

- Brenda Dahlgren

One of the best men I have known. His life was well lived, a great example. You will be missed.

- Phil & Janet Broadhead

Phyllis, Suzanne, Brad and Julie: Rosemarie and I are sorry for the loss for your and your families. Hal was a great example to me showing me how to serve the Lord and people in the neighborhood and ward. We always had fun working in callings together and tried to do the right thing in fulfilling our callings. He and Phyllis set an example of temple attendance even as we had young families where there were plenty of excuses putting off temple attendance. He very seldom missed a month of going to the temple. The last several years you went much more

often. Great example. Hal always prepared this lessons and assignments, whether teaching a class, home teaching (ministering) or on administrating duties. Most of all he is a great friend and we share many memories. I know you miss him already. He is preparing a place for all your family to be with him, Jesus, and Heavenly Father. Our prayers are with you. Thanks for sharing the memorial service today. it was exactly how Hal would want it. The music and talks were spiritual and perfect. We love you.

- Greg Johnson

I send my sincere condolences to Hal’s family and friends. I worked in the Third District Court with Hal for many years. He was a very nice man with an infectious smile and personality. I leaned on Hal for his experience and knowledge of Utah probate law, process and procedure. Hal was “ The Source “ for all things probate. If he didn’t have the answer to the many questions I put to him which was rare. I could always count on Hal to find a solution for the problem. The service Hal rendered to the Third District Court, Utah State Bar and the people of the state of Utah was immeasurable, priceless and should never be forgotten. It was obvious he was highly motivated and found joy in helping others. When I think of Hal, the words that come to mind are “one of a kind “ and “irreplaceable.” Judge Tyrone E. Medley Ret. Third District Court

- Tyrone E Medley
