

Heidi Renae Theobald

May 28, 1960 ~ May 27, 2025

Heidi you will truly be missed. You were an amazing human being. I loved when you would come to my work and visit me. I always looked up to you in so many ways in life. You helped me have the confidence to make it in the automotive world as a young female. Thank you!!

I was so sorry to read of Heidi’s passing. We went to school together until high school; then she went to Highland and I went to South. She was a great friend for a lot of years with lots of fond memories. I married a body and fender man and never realized she was Salt Lake Chrome. In our business we used them very often … small world. I wish the family love, peace and sympathy. I pray your memories will help ease your sorrow.

Charlie, Taylor, Cali. Anthony and Lindsay,I am so sad to learn about the loss of Heidi. I know how much she dearly loved her family and she shared so many tender stories with me over our years in the dental chair. Her obituary was written to truly describe and honor her. Sending love and wishing great memories that you may share with each other to ease your loss. Miss all of you and wishing peace for your broken hearts. Sheila
