The Angels were cheering when Helen came to Heaven! So many happy people waiting to give loving hugs…Husband Wally first in line! Helen will be missed for sure but our lives were enriched by our knowing her! RIP, dear Aunt Helen…Farewell, until we meet again! ❤■

To my beloved aunt Helen. You were my favorite aunt. I loved vacations together and loved to laugh with you. I love JoAnn and Bob and cherish you as part of the family. I'm sure Wally was happy to see you as were the others who were there to greet you home.

I will always value Helen’s friendship. I love her quick wit and sweet notes. I’m sure it is a sweet reunion with her family and sweet neighbors to greet her on the other side.
